This manual is applicable to Unitrans Supply Chain Solutions (Pty) Ltd and all its businesses.

**9.10.1 PURPOSE AND SCOPE**

This Supplier Code of Conduct (the “Code”) sets out the principles and expectations of Unitrans Supply Chain Solutions (“USCS”) as to how existing and new suppliers of goods and services to USCS (“Suppliers”), including their affiliates, representatives and employees, are to conduct business with USCS. USCS, including all its employees, has a duty to comply with applicable laws and regulations and, in addition, King IV requires USCS to behave responsibly and ethically. USCS, therefore, expects its Suppliers to operate with values comparable to its own and in a manner that is consistent with good corporate governance.

Suppliers are required to take steps to ensure that this Code is communicated throughout their organisations.

Suppliers may be subject to inspections and/or audits to ensure compliance with this Code and specifically regarding Labour Practices, Human Rights and the Environment. USCS regards any contravention of this Code by a Supplier as a serious matter which could result in the termination of the business relationship and possibly the institution of civil or criminal proceedings.

USCS requires its Suppliers to commit to and comply with the following minimum standards:

**9.10.2 COMPETITION LAW**

USCS subscribes to the principles of free and fair competition as embodied in the relevant competition laws of South Africa.

USCS therefore requires that all Suppliers conduct their business in full compliance with applicable competition laws intended to promote free and fair competition and not enter into prohibited agreements or practices, formal or informal, such as price fixing, market sharing, bid rigging, collusion, “kickbacks”, etc.

**9.10.3 CONFIDENTIAL AND PROPRIETY INFORMATION**

Suppliers may not use for their own purpose or disclose to any third party, USCS’s intellectual property, trade secrets or other confidential, proprietary or sensitive information (“USCS’s Information”) without the prior written consent of USCS.

Suppliers may disclose USCS's Information to persons within the Suppliers' organisation strictly on a "need to know" or "need to use" basis and for the sole purpose of supplying goods and/or services to USCS.

### 9.10.4 ETHICAL DEALINGS

USCS seeks to deal with Suppliers honestly and ethically and will give all potential suppliers fair consideration. Decisions will be based on objective criteria such as price, quality, B-BBEE status, service capability, reliability, track record and integrity.

The giving or receiving of any kickbacks, bribes or similar payments of any sort is prohibited. USCS employees may not receive any commissions, money or item of value other than regular remuneration and incentives as provided for in their terms of employment, either directly or indirectly, for negotiating, procuring, recommending or aiding in any transaction entered into on behalf of USCS, nor are they entitled to any direct or indirect financial interest in such transactions.

Suppliers are required to demonstrate the same high ethical standards and to conduct business with integrity and fairness.

USCS employees are prohibited from engaging in any private financial relationship with any Supplier, its owners, shareholders, directors, partners or members including the investment in or acquisition of any financial interest for their own account in any Supplier business, or with any of the owners, shareholders, directors, partners or members of such business, other than ordinary share dealings through a recognised stock exchange.

### 9.10.5 ANTI-BRIBARY

Suppliers must not engage in any conduct that would put USCS at risk of violating anti-bribery laws.

Company policy and anti-bribery laws around the world prohibit USCS and its employees from giving or accepting money or other inappropriate enticements, directly or indirectly to coerce or persuade the award of a business opportunity to USCS or the Supplier, as the case may be.

Suppliers may not, in their business relationship with USCS, act in any way, that violates USCS's policy or anti-bribery laws around the world. Suppliers must also ensure that their suppliers in the supply chain do not engage in the giving or receiving of bribes, kickbacks or other similar improper or unlawful payments.

### 9.10.6 GIFTS

Suppliers should be aware that it is not permissible for USCS employees to give or receive gifts, hospitality or favours that could influence any business decision or that create the appearance of influencing such decision.
